

Meeting of the Kimmeridgian Working Group

18-21 May 2015, Warsaw, Poland

First Circular

We cordially invite you to participate in the Meeting of the Kimmeridgian Working Group of the International Subcommission on Jurassic Stratigraphy, which will take place from 18th to 21st of May 2015 in Warsaw, Poland.

Scientific Committee:

Andrzej Wierzbowski, Jacek Grabowski, Bronisław A. Matyja, Hubert Wierzbowski

Meeting venue:

Polish Geological Institute – National Research Institute
4 Rakowiecka Street, 00-975 Warsaw, Poland
www.pgi.gov.pl

Preliminary schedule:

18.05.2015, Monday - posters and presentations, official dinner
19.05.2015, Tuesday - posters and presentations, departure for the field trip in the afternoon
20.05.2015, Wednesday - field trip to Bobrowniki and Katarowa Góra at Łobodno in the Wieluń Upland (Polish Jura), return to Warsaw
21.05.2015, Thursday - summary and discussion

In time of the meeting the **ammonite collections** from the stratigraphical interval at the Oxfordian/Kimmeridgian boundary from Isle of Sky (proposed GSSP, Scotland), Poland and Spain will be accessible for examination and discussion.

You are kindly invited to give the presentation during the meeting and to submit a paper to the **Volumina Jurassica**.

Meeting costs:

250 EUR (include meeting materials, coffee breaks, 3 lunches, official dinner, field trip transportation accommodation and full board).

Registration:

Please, write if you would like to attend the Meeting, Field Trip and Dinner. A preliminary number of participants will help us in organization of this event.
